

Organic Brown Rice Grain Blend

Did you know that we offer a natural alternative to synthetic excipients?

With interest shifting away from synthetic materials, flolí™ offers an organic alternative for brands looking to naturally enhance their products. flolí™ is formulated with high-quality ingredients to provide clean label solutions for the production of capsules, tablets, and powders. **flolí 50 (organic brown rice grain blend)** carries the necessary anti-caking properties that increase flowability and regulate moisture to help ensure a product's delivery and efficiency.
